

HEALTHY MOTHERS,
HEALTHY BABIES
Coalition of Georgia

Join a Working Group!

HMHBGA convenes a number of working groups to address priority maternal and infant health topics. While these topics are important to the health and well-being of Georgia's moms and babies, there were no other groups working on these issues.

Please email Madison Scott at madison.scott@hmhbga.org for more information about joining a working group.

DOULA ACCESS

This group meets quarterly to ensure all women in Georgia will have affordable access to culturally appropriate doula care, focusing on reimbursement pathways, hospital buy-ins, and research.

GEORGIA COALITION FOR PREGNANT WORKERS

This group works to monitor legislation around workplace accommodations legislation and increase awareness around worker's rights.

INFANT MORTALITY

This group convenes to reduce infant mortality rates to the Healthy People 2030 target of 5 per 1,000 or below for each Georgia county and each racial/ethnic group to address existing disparities.

PLANNING FOR HEALTHY BABIES (P4HB)

P4HB convenes to address low enrollment and utilization rates of the Planning for Healthy Babies program.
